

Project Profile

Wastewater Treatment

US AID: Egypt

Location:

Middle Egypt

The Situation:

The US Agency for International Development and the World Health Organization came together to help fund a project to develop a wastewater treatment plant in middle Egypt, giving a sewage system to a community.

The Solution:

CS-102 was used to seal the manholes and concrete pipes on the project, completing the new Kohafa Wastewater Treatment System.

Sealant Application:

Manholes
Concrete Pipe

Applicable Industry Standards:

ASTM C-990

Products Used:

ConSealTM
CS-102
Butyl Rubber Sealant

Don't Just Seal It, ConSeal It!
